✓ Integrated

+ Optional

Adjustable starting position

Angle display

Biofeedback System

### Properties

Muscular tension and adhesions in the shoulder and neck area are reduced in the long term. Important head turning muscles are stabilized, among other things.

- Lowest possible moments of inertia
- Lowest possible friction values
- Additional safety mechanisms (electronic and mechanical) for maximum therapy safety
- max. user weight: 200kg

### Device Setting

- Infinitely adjustable seat height
- Infinitely adjustable back pad
- Infinitely adjustable head cushion
- Infinitely adjustable starting angle
